### Chapter Wade Fishing Tournament, November 1 – December 31

We are extremely excited to announce a dedicated Wade Fishing Tournament exclusively for our wade fishing anglers. We recognize the unique challenges faced by wade fishermen, especially when it comes to accurately measuring catches, and understand that many wade insiders are often excluded from traditional catch-measurement style tournaments.

Our primary goal is to ensure everyone enjoys their time on the water while also encouraging and promoting this effective style of fishing. To that end, we are carefully finalizing the tournament rules to make participation straightforward and inclusive for all.

The tournament is scheduled to run from November 1 through December 31, which are some of the prime months for wade fishing in our region.

To support both new and interested insiders, we will be pairing participants with experienced wade fishermen. This mentorship will provide valuable opportunities to learn about the necessary equipment, important safety considerations, and the techniques essential for a successful and enjoyable wade fishing experience.

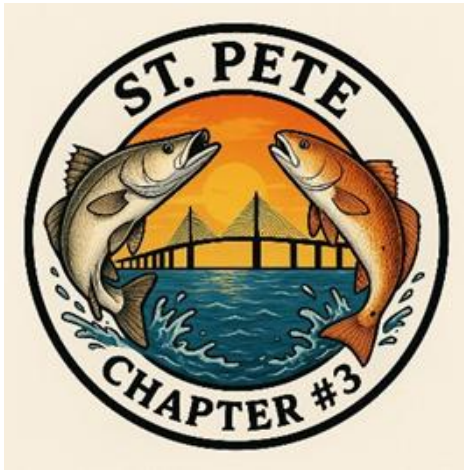

Competition in the tournament will be based on the total number of specified species caught. While this is an individual competition, we strongly encourage all wade anglers to fish with a buddy to enhance safety and camaraderie.

Better yet, you can also attend the St Pete-Pinellas Chapter meeting scheduled for October 8<sup>th</sup> at the Studio Movie Grill. Wader Dave Ulgenalp <https://community.saltstrong.com/angler/575/Wader-Dave-Ulgenalp> will give some great fishing trends and reports for the Tampa Bay area. The chapter will introduce a Wade Fishing Tournament at the meeting.
